

River Stewardship Practical Conservation Volunteer

Could you help protect and improve the Rivers Aire and Worth?

Do you want to work as part of a team, get outdoors, keep active and learn new skills? ART have some exciting opportunities for you to make a difference!

Join our regular volunteer days on Wednesdays, Thursdays, Fridays or Saturdays to help improve our rivers. Tasks vary from litter and debris removal to tree planting; and from treating invasive species to improving footpaths.

If you'd like to give volunteering with us a try before applying, you're welcome to turn up to a volunteer day. See <https://aireriverstrust.org.uk/events/> for details.

Meet at the designated spot for a welcome talk and briefing about the days tasks. All equipment will be provided but please wear waterproof, warm clothes and sturdy shoes. We will bring the tea, coffee and biscuits! All are welcome to join in with our volunteer work parties!

Contact Nick Milson on nick.Milson@aireriverstrust.org.uk or 07378 878857 for more details.
