required

School and Event Volunteer

School and event volunteers help share the river with new people. This is a varied role that takes people into schools and to country shows.

No prior experience. This is a great way to gain experience working with children and the general public

We visit to local primary schools and attend community events through the summer season. The hours for this are irregular and reflect bookings.

We provide training and mentoring. We pay volunteer travel expenses and for a compulsory DBS check.

This volunteering role is only open to over 18s. Our volunteering programme is open to all but a good level of spoken English is required for this role.
